The August City Council Meeting will be held
Monday, August 5th 6:30 p.m. in the Council Chambers at City Hall.

The City Council adopted the Fiscal Year 2019-2020 budget at the June 3rd Council meeting. This budget cycle will begin on July 1, 2019 and end on June 30, 2020. While there are no changes to the property tax rate, there are increases to the water/sewer/solid waste rates. These rate increases are necessary due to higher operational costs from the City of Hickory and Republic Services, needed capital and personnel expenses, and to allow for future growth through transfer of wastewater treatment services to the City of Hickory. Forward thinking on the part of Council in this last area has resulted in a much lower rate increase than anticipated with the previously proposed expansion of the City's wastewater treatment capacity. For more information on the City's new budget, visit the City's website at www.cityofclaremont.org.
